3 June 2020

Dear Parents, Whanau and Caregivers Kia Ora Koutou.

We are into the third week of Level 2 schooling and are so impressed with the resilience of the children who have adjusted so well to the different expectations. One very noticeable difference to what has been our normal, is that we have limited who can come onto the school site. With only Pohutukawa parents taking children to classrooms, all other children are walking to class by themselves. They do this with such pride and independence. We are noticing that there is a real readiness for learning at 9am and that the start to the day is more fluid and peaceful. This is an unexpected but very powerful outcome from the Level 2 regulations, as it is a huge benefit to be able to be independent.

The end of the day pick up is working well. We thank you for your co-operation and patience. Make sure your children know which gate they will be picked up from. The back gate is a good option as there is more space to wait. Children being picked are taken out to either the back or front gate to wait for you. Walkers are released at 3pm and to lessen the congestion the Tuakana walkers are released a few minutes after 3pm. We are surprised at how smoothly this is all working. Another example of working together.

Lockdown Questionaire
