

Like the rest of the country, we will be remaining in Alert Level 2 until decisions will be made again on 6 September. Extra QR codes will be put on the hall doors for those of you come in the back gate.

**We will continue with the following
Covid Alert Level 2 Guidelines:**

- Gates do not open until 8.30am
- Children must bring their own drink bottle
- Hand sanister is used as children arrive at school
- We encourage parents to wave goodbye at the gate
- If needed, one parent from the Potiki classrooms may take their child to class
- If you enter the grounds you must complete 'Contact tracing' details
- At the end of the day gates will be opened from 2.45pm
- If needed, one parent from the Potiki classrooms can go and collect their child
- Other parents please wait just inside the gate for the children to come out

Medication at School

If your child needs to take medication at school, you must complete and sign a form which needs to be handed into the office with the medication. Children should NOT have any pills etc in school bags as it is a huge safety risk.

Rain Jackets

If your child does not have a rain jacket, come to the office as we do have some Warrior Jackets left.

Regards, Kay Cleaver, Principal.

Every day we see a double
decker bus.

Maybe one day we will go on
one when it is my birthday. I
like double decker busses. It is
so tall. I will sit on the top, next
to the window.
