

The children are enjoying their breaks in the lovely sunny weather. Last week, I was wandering around the playground watching the children play. We have a set of outdoor checkers which is a popular game. However, a very creative group of junior boys had used the checkers to make a car, which they were happily driving. They were working together beautifully with the car changing into an ambulance so they could rescue patients. I took photos of this group then wandered around taking more photos of children at play. I was impressed to see the children playing together, using sports equipment, building in the sandpit, climbing on the playground and much more. There were 3 duty teachers and 3 teacher aides enjoying the peaceful playground. Enjoy the photos.

Next week is Bully Free Week. There will be an extra focus on being kind, being a friend, using kind words and understanding what bullying is.

Friday 18th is **Pink Day** and we encourage everyone to wear something pink. (Hats, Socks, a scarf, a wig, a ribbon, and shirt etc).

Dates - 2018

Day	Date	What
Friday	11 May	Assembly - R4 hosting
